

CAMELBAK®

DURABILITY FOR THE GREAT OUTDOORS

Any new adventure starts with the right gear. And it gets no better than CamelBak,® one of the premier brands for exploring the Great Outdoors.

THE GOT YOUR BAK™ LIFETIME GUARANTEE

The Got Your Bak™ Lifetime Guarantee covers all backpacks, bottles, reservoirs and accessories from manufacturing defects in materials and workmanship for the lifetime of the product. Contact your rep for more information.

Sustainable products are your way of making a difference. EcoSmart® is our way of helping. One percent of EcoSmart® sales are donated to environmental nonprofits.

REUSABLE BOTTLES MADE BETTER

Your favorite CamelBak® bottles are now made with Tritan™ Renew, a durable new material made with 50% recycled content.

Check out our entire CamelBak® collection at www.pcna.com.

Prices are subject to change and include one color, one location imprint. Applicable set up and running charges apply. Recommended decorating method is not always pictured. For full product information including up-to-date pricing, special promotions and other important details, go to www.pcna.com. And remember, if you want to confirm the true color of a product, we suggest ordering a sample.

A BETTER LIFE FOR OLD PLASTICS

Breathing new life into plastic waste is harder than it seems. Much of what's recycled ends up in landfills and incinerators or is mechanically chipped and recycled into new products that don't always have the durability needed for daily use. There is science in the solution. Polyester Renewal Technology (PRT) is more efficient than mechanical recycling and produces new material that is made with 50% recycled content. Less virgin plastic needed for new products means saving precious environmental resources. Tritan Renew is highly durable, dishwasher safe, and free of BPA, BPS, and BPF chemicals. Our reusable bottles made better.

HYDRATION PACKS AND BACKPACKS

Eco-conscious design with recycled and repurposed materials.

The Eco-Hydrobak and Eco-Arete Backpack both have **waterless-dyed linings**. The waterless dyeing process uses virtually no water and fewer chemicals, while faster dyeing cycles sharply reduce energy consumption.

The Pivot RollTop Backpack is made from **50% repurposed materials**, diverting single-use plastics from waste streams. (Fun Fact: This bag is made with the equivalent of 11 plastic water bottles.)
